NAVISWORKS SYLLABUS		
1	INTRODUCTION	
a	what is navisworks?	
2	navisworks tabs & tool bar  BASIC COMMANDS & FILE TYPES	
a	versions of navisworks	
b	file types in navis	
С	export models in navis	
d	append & merge the model	
е	QUIZ-1	
3	MODEL NAVIGATE & VIEW	
a .	use of navigation bar	
b	Steering Wheels	
d	Pan, Orbit, Zoom, Focus walkthrough & fly	
e	use of orbit tool	
g	viewcube	
h	sectioning of the model	
i	QUIZ-2	
4	REVIEW & ADJUSTMENT OF THE MODEL	
a	measurments	
b	add comments & review tags	
С	objets visibility	
d e	adding quick properties window command	
f	QUIZ-3	
5	GROUPING & SORTING THE MODEL	
а	selection tree setup	
b	objects detection	
С	set viewpoints	
d	QUIZ-4	
6	CLASH DETACTION	
a	what is clash detection	
b	run a test	
С	selection A & B	
d e	clash detective window types of clash	
f	tolerance	
g	results	
h	Clashes Status	
i	Creating Groups for Clashes	
j	Add Comments to Clashes	
k	Types of Showing Clashes	
I	Clash Options	
m	Highlighting Clashes	
n	Formats of Clashes Report	
0	QUIZ-5	
7 a	QUANTIFICATIONS  What is Quantification	
b	How to Export RVT File for Quantification in Navisworks	
c	Explanation Quantification Workbook	
d	Creating a Catalog	
е	Assigning Select Items and Viewpoints	
f	Example Creating a new Catalog and Assign Selections	
g	Update and Change Analysis	
h	Parameters in Catalog	
i	Resource Catalog and Define Items	
j	Item Map Rules and Calculation	
k I	Takeoff Configuration Template  Export to Excel file	
m	Export to Excel file  Export RVT to PDF	
n	Import RVT to Navisworks as PDF	
0	QUIZ-6	
8	TIMELINER	
а	Introducing Timeliner	
b	Option Editor for Timeliner	
С	Attach Items to Schedule	
d	Different Types of Adding Tasks	
e	Attach by Revit Share Parameters	
f	Import Excel to Navisworks	
g	Export Navisworks Timeliner to Excel  Import Microsoft Project into Navisworks	
h i	Task Type (Demolish, Temporary, Construct)	
j	Configure and Appearance	
	Setting Colors to Configure Items	
k	Simulation Setting	
k	Adjust Texts for Simulation	
k I		
k I m	Adjust Texts for Simulation	
k	Adjust Texts for Simulation QUIZ-7 ANIMATION create saved viewpoint animation of the model	
k   m   m   n   9   a   10	Adjust Texts for Simulation QUIZ-7 ANIMATION create saved viewpoint animation of the model RENDER STYLE	
k   I   m   n   9   a   10   a	Adjust Texts for Simulation QUIZ-7 ANIMATION create saved viewpoint animation of the model RENDER STYLE lightening & mode	
k   m   m   n   9   a   10	Adjust Texts for Simulation QUIZ-7 ANIMATION create saved viewpoint animation of the model RENDER STYLE
